EUROVETS

VETERINARY SUPPLIERS

ABOUT EUROVETS

EUROVETS IS YOUR COMPLETE VETERINARY SUPPLY & SUPPORT SOLUTION

Eurovets, established in 2001 has become the Middle East's foremost supplier of some of the world's best known veterinary products to veterinary clinics throughout the UAE.

We represent leading multi-national brands in nutrition, veterinary equipment, medicines and consumables for companion, -equine and production animals. In addition to the traditional wholesaling, Eurovets provides warehousing, distribution, marketing and sales resources in order to support the product in the region.

We also offer a host of value-added services such as maintenance and support for all equipment supplied; service-based offerings such as Spectrum allergy testing; even end-to-end IT solutions for clinics.

Eurovets supports Continued Professional Development, imparting knowledge of the latest developments in the field to veterinary professionals through high-powered seminars.

We pride ourselves on our professional approach and offer vet specialized product advice where required.

In conclusion our mission is to not only deliver excellent products but to be committed to deliver exceptional customer service to all veterinary clinics and pet retailers in the region.

Eurovets YOUR headquarters for veterinary supply and support and a proud distributor of the F10® brand.

F10® is the registered trade mark for a range of high performance infection control and animal treatment products developed and manufactured by Health and Hygiene (Pty) Ltd, a company formed in 1994 and based in Johannesburg, South Africa.

Health and Hygiene have over 50 company/product international registrations and its products are sold in 36 countries (into small niche exotic animal market sectors in some countries and into companion animal and production animal health sectors in others).

The F10® products are used in other applications requiring high performance including pharmaceutical manufacture and SPF laboratories. All products are manufactured in a modern GMP (Good Manufacturing Practice) licensed and audited facility for the manufacture of veterinary medicines acceptable to the FDA and the VMD.

F10® Veterinary products offer a broad spectrum biocide effective against bacteria, fungi, viruses and spores.

Their veterinary range consists of the following products: disinfection and cleaning, treatment and specialized skin hygiene products. F10® products are safe yet effective, and widely used in the veterinary profession in various sectors.

- High level disinfection:

Ratio	Cost (AED)
1 : 250 (4ml/L)	0.57/L Ready to use

- High risk/infectious disease:

Ratio	Cost (AED)
1 : 100 (10ml/L)	1.42/L Ready to use

✓ SAFE

Why choose
F10[®]
PRODUCTS

RINSE FREE

NO TOXIC ALDEHYDES

NO CHLORINE NOR IODINE

NON CORROSIVE

NON TAINING

Safe to use and apply around
ANIMALS & HUMANS

F10 kills pathogens faster at lower concentrations

- 30 seconds for gram positive bacteria
- 60 seconds for gram negative bacteria
- 10 minutes for flu viruses
- 15 minutes for parvo virus

- » F10 kills a wider range of pathogens known to cause disease for animals and humans- bacteria, viruses, fungi, spores. F10's unique combination formula of benzalkonium chloride and polyhexamethylene biguanide provides minimal chance of microbial resistance.
- » F10's preparation as SUPERCONCENTRATE and STABILITY of diluted solutions for longer periods makes it highly cost-effective and economical
- » Tried, tested, independently verified and documented by ACCREDITED LABORATORIES
- » APPROVED and REGISTERED around the world
- » F10 products receive excellent user feedback (used by local industry leaders; 91% Amazon buyers awarded 5 stars rating)
- » ECOLOGICALLY FRIENDLY AND BIODEGRADABLE PRODUCTS

WHY EUROVETS?

IMPORTER

Source and import the highest quality products to meet the needs of veterinary, equine and camel markets across the GCC region.

SEMINARS AND CPD EVENTS

Continuing professional development (CPD) seminars and events deliver relevant, practical knowledge for veterinarians and healthcare professionals.

LOGISTICS, FLEET AND DISTRIBUTION

Temperature-controlled vehicle fleet and state-of-the-art inventory management system.

FACILITIES

Fully certified,
Temperature-controlled warehouses.

BRAND MANAGEMENT & MARKETING

Digital & traditional marketing support for the brands and products we represent.

AFTERMARKET SOFTWARE AND SUPPORT

In-house technical field support team provides onsite installation, staff training, equipment maintenance and software updates.
