VETERINARY SUPPLIERS

# Z5Vet

## Portable Color Doppler Diagnostic Ultrasound System

Your unique requirements of high image quality, versatility, mobility and affordability can now be met with the new portable Color Doppler system Z5Vet. With the most unique combination of high performance and low cost, the Z5Vet is the result of Mindray's continuous efforts towards making healthcare more accessible to humanity. Be it an abdominal scan indoors, or an emergency requirement outdoors, the Z5Vet can be used limitlessly for various applications. For first time ever, conventional cart-based Color Doppler capabilities have now been made available to you in a smart highly efficient portable design, making it possible for you to reach beyond boundaries.

# M7Vet Hand-carried Color Doppler Diagnostic Ultrasound System

E007582

## Gorgeous Design

- 15" medical-use LCD monitor
- 6.5Kg with two Lithium-ion batteries supporting long time continuous scanning
- 6 colors of trackball for user's preference
- Robust Magnesium alloy cover with anti-shock and anti-splash ability guarantees diagnostic exams both in hospitals and outdoor harsh environment

# DP-20Vet

## Digital Ultrasonic Diagnostic Imaging System

E007411

### Ergonomic Mobile Design with Full Screen

- 12.1 inch high definition LED with Full Screen design
- 30 degree tilting angle adjustable for better viewing
- User friendly control panel with backlit for working in clinics
- Light and compact design offering extreme portability

### Accelerated Workow

- iStorage for instant images and reports transfer to PC
- User-dened keys for programmable personalized operations
- 1.5h uninterrupted scanning with rechargeable battery
- 500GB hard disk for large patient data storage

### Expand Your Clinical Versatility

- PW Doppler and Auto Trace reveal details of blood ow for more comprehensive diagnosis
- Tissue Harmonic Imaging (THI) for enhanced contrast resolution
- A wide range of broadband transducers with up to 6 frequencies, including linear endorectal and micro-convex transducers with anti-decay surface and longer cable dedicated for animals

Feline bladder

Feline spleen

## Digital Ultrasonic Diagnostic Imaging System

### Exceptional Ergonomic Design

- Sleek, streamlined, compact shape
- Enhanced mobility with rechargeable battery
- High resolution 15" LCD with tilt functionality for better viewing

### Diagnostic Confidence with Advanced Imaging Technologies

- iBeam™: Spatial Compounding Imaging
- iClear™: Speckle Suppression
- Phase Shift Harmonic Imaging

### Intelligent Workflow

- iTouch™: Auto Optimization
- iStation™: Patient Information Management System
- Clip board function
- Onboard reporting

E007623

15" LCD monitor with tilting, allows easy viewing

Backlit keyboard

Abundant transducer family

Rechargeable battery

Dual Transducer Connectors
